# Testimonials

**David Scott** ✓ · 2nd  
Chief Operating Officer at ShipTime & Paid Inc. (OTC:PAYD)  
Hamilton, Ontario, Canada

Wow, our new website is finally complete, and we couldn't be more thrilled! The entire process took just a month, thanks to the incredible teamwork and dedication from everyone involved.

**Michael (A.) Trueman** · 2nd  
President & Cofounder at ShipTime Canada Inc.  
Oakville, Ontario, Canada

We have been working with WebOsmotic since the inception of our company four years ago and they have been instrumental in helping us build our core business applications. They have been great team players, working collaboratively to turn our business into working software solutions.

**Riley Mack** ✓ He/Him · 2nd  
Web Product Lead | Building Scalable WordPress Ecosystems |  
Remote Team Strategist  
Beresford, South Dakota, United States

I had the pleasure of collaborating with WebOsmotic on developing custom client-based e-commerce stores. Their expertise in coding was evident in the fantastic results they delivered. Their commitment to quality, attention to detail, and collaborative approach make them an invaluable asset to any development team.

**Matt Abar** · 3rd  
CEO at FinFolio .... Note: I rarely check LinkedIn, you can contact me at [mattabar@finfolio.com](mailto:mattabar@finfolio.com)  
Englewood, Colorado, United States

WebOsmotic Team did a great job for us over 2 full years. They have great attention to detail and built some amazing screens for our material design app. Highly recommended.

**Susan Powell** ✓ · 2nd  
Founder | CEO | Not for profit professional | CITP/FIBP certified |  
International trade specialist | Love working in the food & beverage industry  
Port Perry, Ontario, Canada

#CFEA has launched a new website through the collaborative efforts of WebOsmotic Private Limited and Saina Shaikh. Shaikh's team has successfully modernized our website, enhancing its user experience.

**Dillon Pinto** ✓ · 2nd  
Business Executive | Strategy Development & Execution | Sales Leader | Business Development |  
Canada

WebOsmotic delivered an outstanding experience while developing our websites (CravinglyGood & StreetBrands). Their project management was seamless, communication was clear, and they ensured all requirements were understood and executed perfectly.

# Most WordPress websites fail not because of the platform but because of how they're built.

- ❌ *Built using themes without real customization*
- ❌ *No focus on performance, SEO, or scalability*
- ❌ *Disconnected from business tools and workflows*
- ❌ *Overloaded with plugins → leading to slow and unstable websites*

# Why Leading Global Brands choose WebOsmotic

## Business-First, Not Just Tech-First

We start with your business goals, workflows, and challenges. So every solution delivers **real, measurable impact.**

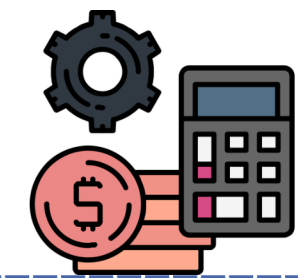

## Consulting-Led Approach

We **analyze, study, and refine your ideas.** We suggest options ensure the right solution is built from day one.

## Top Talent with Proven Expertise

With 16+ years of experience, our team brings **strong technical depth and problem-solving ability** to build reliable, scalable solutions.

## Speed, Quality, and Cost Efficiency

We move fast while maintaining **high standards and optimized costs.**

# Our Work

# Operational Transformation Through Workflow Automation ( Global Soccer Development)

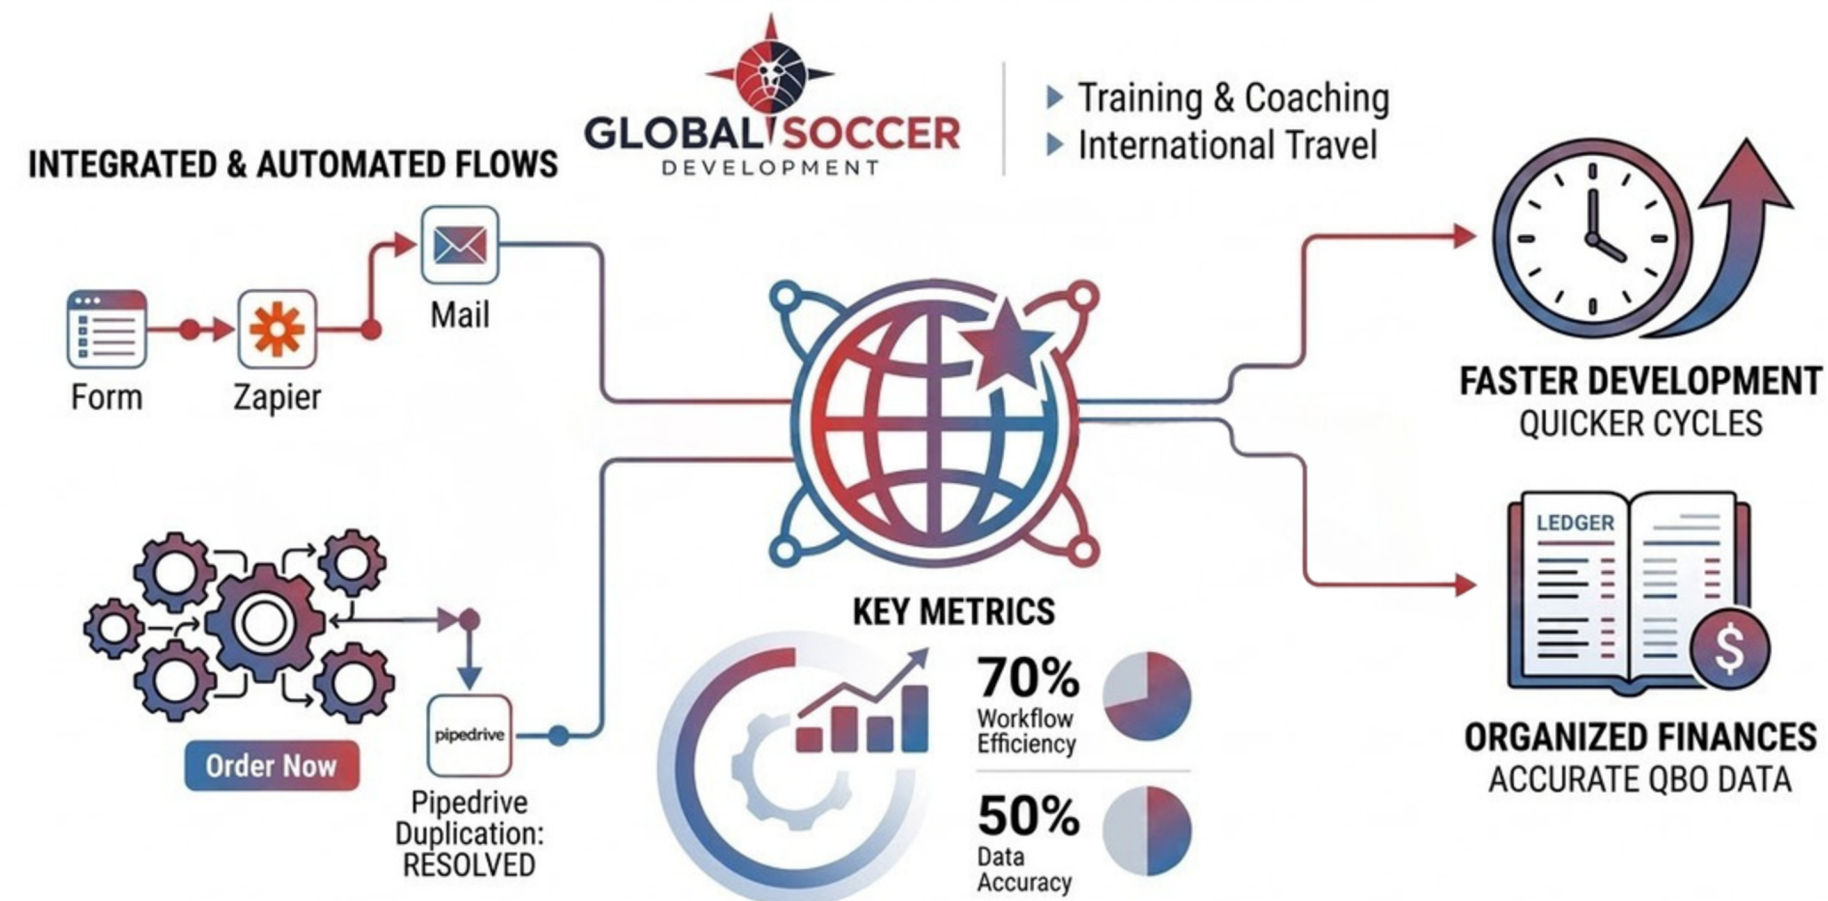

Sports Training & International Programs (Europe)

## Client's Vision

Enhance **website functionality and automate operations** while resolving **Zapier mapping issues and Pipedrive duplication** to ensure smooth order, CRM, and accounting workflows.

- **Automated Order Flow (Zapier)** reducing manual effort and errors.
- **Unified CRM Management (Pipedrive)** eliminating duplication and improving tracking.

- **Faster Processing Cycles** enabling quicker order handling.
- **Accurate Financial Management (QBO)** with clean, structured data.

# Elevating Global Presence for Canadian Food Exporters Association (CFEA)

Trade Association / Food Export (Canada)

## Client's Vision

CFEA aimed to build a **modern, mobile-friendly platform** for global reach, while addressing **WPML compatibility, multilingual setup, and high-volume content management** without performance trade-offs.

- **Global-Ready Website** enabling seamless access for multilingual audiences.
- **Stronger Digital Presence** with a modern, professional, and responsive design.

- **Enhanced Member Visibility** through structured and easy-to-browse listings.
- **Improved Performance & Reach** driving better visibility and user engagement.

# Driving Online Growth & Brand Presence for Green Aura

## E-commerce / Online Business (India)

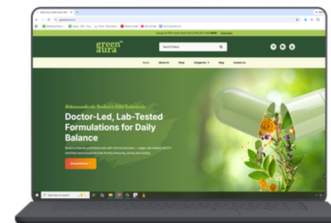

### Client's Vision

Green Aura approached us with the goal of launching their **online business from scratch**. They needed a complete digital foundation that would not only establish their presence but also support long-term growth.

### DIGITAL FOUNDATION PILLARS

Seamless Online Store
